Internet Society Singapore Chapter

Harish Pillay
President, ISOC SG
February 15 2015
https://isoc.sg, h.pillay@ieee.org
Brief History

- Established in June 2011
- It is registered as a society under the Societies Act of Singapore.
- Membership growth has been slow but steady and it stands at about 50
Seminars, Advocacy

- Participated and commented on:
  - Licensing of blogs and online commentaries
  - The sharing economy issues around “archaic” regulations
  - IoT – Standards making with the IT Standards Committee and building awareness
  - Changes to the Singapore Copyright Act – came into force in January 2015:
    - SoundCloud: https://soundcloud.com/official938live1/digital-privacy
IANA Stewardship Transition Coordination Group (ICG)

- ISOC SG participated in the bidding process for the creation of the ICG Secretariat for the transition of IANA in September 2014
- After many rounds of discussions and presentations, we were awarded the ICG Secretariatship role
- We are particularly proud of this appointment
Activities for 2015/2016

- “Emergency Internet Toolkit” or “Internet In A Box” (name/meme being worked on) contest to get teams of people to create a self-sustaining Internet when all established connections are “destroyed” - March
- “Issues around harassment in a online realms” seminar - tba
- “Duty of Care” seminar - March
- IoT Asia conference - April
- Tamil Internet conference – May/June
Thank You!
